Dr. A.U. Ramakrishnan is a distinguished medical doctor based in Madras, India. He has been in homeopathic practice for over 35 years, having been trained by Marjorie Blackie in the 1960's at Royal London Homeopathic Hospital, London. Dr Ramakrishnan currently has clinics in Madras, Singapore, Boston, New York, London, and Dublin, seeing hundreds of cases weekly.

He is perhaps best known for his ground-breaking work with Cancer patients, and his book, "A Homeopathic Approach to Cancer".

For over 12 years Dr Ramakrishnan has been presenting seminars in the USA, Canada, Europe, Ireland and the UK. These seminars are extremely popular. His teaching manner is relaxed, humorous and extremely generous, as we discovered at his last Cancer Seminar.

Dr. Ramakrishnan has been in the enviable position of treating thousands of cases and testing Homeopathy to its limits. He has remarkable success in such serious conditions as Multiple Sclerosis, Epilepsy, as well as all types of Cancers.
